Murcia, October 2026

Hello,

> *I have taught yoga since 2019. What I offer is presence, breath and real practice, not an aesthetic. Multi-level studio classes, one-to-one sessions and team work, always with method and warmth.*

Through June 2026 I taught at Mood Fitness in Murcia. After a change of ownership the centre closed; I continue teaching. Before that, as Wellness Ambassador at Majorel, I ran yoga and wellbeing programmes for Google and YouTube teams. My foundation in discipline and presence comes from Shaolin Temple (2016–2019) and my official certification in Madrid (2019).

I am looking for an honest space for multi-level classes: body, breath and attention, with method and without performance. For now I am available weekends, evenings and nights.

If that sounds like a fit, I would be glad to talk or set up a trial class. Thank you for your time and attention.
